

# ZIP WAX

## Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

Date of issue: 01/05/2015

Revision date: 20/06/2019

:

Version: 2.0

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

Product form : Mixture  
Product name : ZIP WAX  
Product code : 15403

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

##### 1.2.1. Relevant identified uses

Intended for general public  
Main use category : Consumer use  
Use of the substance/mixture : Automotive Care Products.

##### 1.2.2. Uses advised against

No additional information available

#### 1.3. Details of the supplier of the safety data sheet

Turtle Wax Europe Limited  
4th Floor Alaska House, Atlantic Park,  
Dunnings Bridge Road  
Liverpool, L30 4AB - United Kingdom  
T +44 151 530 4740  
[MSDS@turtlewax.com](mailto:MSDS@turtlewax.com)

#### 1.4. Emergency telephone number

Emergency number : +44 (0) 845 600 3663  
Office hours only 08:30 - 17:00

### SECTION 2: Hazards identification

#### 2.1. Classification of the substance or mixture

##### Classification according to Regulation (EC) No. 1272/2008 [CLP]

Eye Irrit. 2 H319

Full text of H statements : see section 16

#### 2.2. Label elements

##### Labelling according to Regulation (EC) No. 1272/2008 [CLP]

Hazard pictograms (CLP) :

GHS07

Signal word (CLP) : Warning  
Hazard statements (CLP) : H319 - Causes serious eye irritation.  
Precautionary statements (CLP) : P102 - Keep out of reach of children.  
P264 - Wash hands thoroughly after handling.  
P305+P351+P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
P337+P313 - If eye irritation persists: Get medical advice/attention.  
UFI : 9M8M-5323-A007-TFR6

#### 2.3. Other hazards

Adverse physicochemical, human health and environmental effects : Causes serious eye irritation.  
Other hazards not contributing to the classification : If spilled, may cause the floor to be slippery.

# ZIP WAX

## Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

### SECTION 3: Composition/information on ingredients

#### 3.1. Substances

Not applicable

#### 3.2. Mixtures

| Name                                                                                                    | Product identifier                                                                                      | %      | Classification according to Regulation (EC) No. 1272/2008 [CLP]    |
|---------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------|--------|--------------------------------------------------------------------|
| Sodium dodecylbenzene sulfonate                                                                         | (CAS-No.) 25155-30-0<br>(EC-No.) 246-680-4                                                              | 1 - 10 | Skin Irrit. 2, H315<br>Eye Irrit. 2, H319                          |
| Sulphonic acid c14-16 alkane hydroxy and c14-16 alkene; sodium salts (=sodium c14-16 olefin sulphonate) | (CAS-No.) 68439-57-6<br>(EC-No.) 270-407-8<br>(REACH-no) 01-2119513401-57                               | 1 - 10 | Skin Irrit. 2, H315<br>Eye Irrit. 2, H319                          |

Full text of H-statements: see section 16

### SECTION 4: First aid measures

#### 4.1. Description of first aid measures

|                                       |                                                                                                                                                                                  |
|---------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| First-aid measures general            | : If you feel unwell, seek medical advice (show the label where possible).                                                                                                       |
| First-aid measures after inhalation   | : Not expected to present a significant hazard under anticipated conditions of normal use.                                                                                       |
| First-aid measures after skin contact | : Wash skin with plenty of water. If skin irritation occurs: Get medical advice/attention.                                                                                       |
| First-aid measures after eye contact  | : Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. |
| First-aid measures after ingestion    | : Rinse mouth. Do not induce vomiting. Get medical advice/attention if you feel unwell.                                                                                          |

#### 4.2. Most important symptoms and effects, both acute and delayed

|                                     |                                                                                                       |
|-------------------------------------|-------------------------------------------------------------------------------------------------------|
| Symptoms/effects after inhalation   | : Not expected to present a significant inhalation hazard under anticipated conditions of normal use. |
| Symptoms/effects after skin contact | : May cause slight irritation.                                                                        |
| Symptoms/effects after eye contact  | : Causes serious eye irritation.                                                                      |
| Symptoms/effects after ingestion    | : Ingestion may cause nausea, vomiting and diarrhea. May cause irritation to the digestive tract.     |

#### 4.3. Indication of any immediate medical attention and special treatment needed

Treat symptomatically.

### SECTION 5: Firefighting measures

#### 5.1. Extinguishing media

|                              |                                                             |
|------------------------------|-------------------------------------------------------------|
| Suitable extinguishing media | : Use extinguishing media appropriate for surrounding fire. |
|------------------------------|-------------------------------------------------------------|

#### 5.2. Special hazards arising from the substance or mixture

|                                                  |                                 |
|--------------------------------------------------|---------------------------------|
| Fire hazard                                      | : The product is not flammable. |
| Explosion hazard                                 | : Product is not explosive.     |
| Reactivity in case of fire                       | : Not known.                    |
| Hazardous decomposition products in case of fire | : Toxic fumes may be released.  |

#### 5.3. Advice for firefighters

|                             |                   |
|-----------------------------|-------------------|
| Precautionary measures fire | : Not applicable. |
|-----------------------------|-------------------|

## Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

|                                |                                                                                                                                          |
|--------------------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| Firefighting instructions      | : Use extinguishing media appropriate for surrounding fire.                                                                              |
| Protection during firefighting | : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing. |

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

General measures : Clear spills immediately. Ensure adequate ventilation.

##### 6.1.1. For non-emergency personnel

Protective equipment : Use personal protective equipment as required. For further information refer to section 8: "Exposure controls/personal protection".

Emergency procedures : Ventilate spillage area. Stop release. Do not touch or walk on the spilled product.

##### 6.1.2. For emergency responders

Protective equipment : Use personal protective equipment as required. For further information refer to section 8: "Exposure controls/personal protection".

Emergency procedures : Ventilate area. Stop release. Do not touch or walk on the spilled product.

#### 6.2. Environmental precautions

Avoid release to the environment.

#### 6.3. Methods and material for containment and cleaning up

For containment : Collect spillage.

Methods for cleaning up : Wipe up with absorbent material (for example cloth). Place in a suitable container for disposal in accordance with the waste regulations (see Section 13). Wash away remainder with plenty of water. This material and its container must be disposed of in a safe way, and as per local legislation.

Other information : Dispose in a safe manner in accordance with local/national regulations.

#### 6.4. Reference to other sections

For further information refer to section 8: "Exposure controls/personal protection". For disposal of solid materials or residues refer to section 13 : "Disposal considerations".

### SECTION 7: Handling and storage

#### 7.1. Precautions for safe handling

Precautions for safe handling : Keep out of reach of children. Observe the label precautions. Use personal protective equipment as required. Avoid contact with eyes.

Hygiene measures : Always wash hands after handling the product. Do not eat, drink or smoke when using this product.

#### 7.2. Conditions for safe storage, including any incompatibilities

Storage conditions : Store in a well-ventilated place. Keep cool. Keep out of reach of children. Protect against frost. Keep container closed when not in use.

Storage area : Store in a well-ventilated place. Keep out of frost.

Packaging materials : Keep only in original container.

#### 7.3. Specific end use(s)

Automotive Care Products.

### SECTION 8: Exposure controls/personal protection

#### 8.1. Control parameters

| Diphenyl ether (101-84-8)  |                              |                                              |
|----------------------------|------------------------------|----------------------------------------------|
| United Kingdom             | Local name                   | Diphenyl ether                               |
| United Kingdom             | WEL TWA (mg/m <sup>3</sup> ) | 7.1 mg/m <sup>3</sup> vapour                 |
| United Kingdom             | WEL TWA (ppm)                | 1 ppm vapour                                 |
| Sulphuric acid (7664-93-9) |                              |                                              |
| United Kingdom             | Local name                   | Sulphuric acid                               |
| United Kingdom             | WEL TWA (mg/m <sup>3</sup> ) | 0.05 mg/m <sup>3</sup> mist                  |
| United Kingdom             | Remark (WEL)                 | The mist is defined as the thoracic fraction |

#### 8.2. Exposure controls

Appropriate engineering controls : Ensure adequate ventilation.

Personal protective equipment : In case of splash hazard: safety glasses.

# ZIP WAX

## Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

|                                   |                                                                                     |
|-----------------------------------|-------------------------------------------------------------------------------------|
| Materials for protective clothing | : Wear suitable working clothes                                                     |
| Hand protection                   | : Protective gloves                                                                 |
| Eye protection                    | : Eye protection should only be necessary where liquid could be splashed or sprayed |
| Skin and body protection          | : Wear suitable protective clothing                                                 |
| Respiratory protection            | : Not required for normal conditions of use                                         |

|                                 |                                                         |
|---------------------------------|---------------------------------------------------------|
| Environmental exposure controls | : Avoid release to the environment.                     |
| Consumer exposure controls      | : Read label before use. Observe the label precautions. |

### SECTION 9: Physical and chemical properties

#### 9.1. Information on basic physical and chemical properties

|                                            |                                     |
|--------------------------------------------|-------------------------------------|
| Physical state                             | : Liquid                            |
| Colour                                     | : Green.                            |
| Odour                                      | : characteristic.                   |
| Odour threshold                            | : No data available                 |
| pH                                         | : 8.1 - 8.6                         |
| Relative evaporation rate (butylacetate=1) | : No data available                 |
| Melting point                              | : Not applicable                    |
| Freezing point                             | : No data available                 |
| Boiling point                              | : No data available                 |
| Flash point                                | : No data available                 |
| Auto-ignition temperature                  | : No data available                 |
| Decomposition temperature                  | : No data available                 |
| Flammability (solid, gas)                  | : Not applicable                    |
| Vapour pressure                            | : No data available                 |
| Relative vapour density at 20 °C           | : No data available                 |
| Relative density                           | : 1.008 - 1.018                     |
| Solubility                                 | : No data available                 |
| Log Pow                                    | : No data available                 |
| Viscosity, kinematic                       | : 4 - 7 mm <sup>2</sup> /s          |
| Viscosity, dynamic                         | : No data available                 |
| Explosive properties                       | : Product is not explosive.         |
| Oxidising properties                       | : Oxidising liquids Not applicable. |
| Explosive limits                           | : No data available                 |

#### 9.2. Other information

|                  |                |
|------------------|----------------|
| Refractive index | : 1.36 - 1.362 |
|------------------|----------------|

### SECTION 10: Stability and reactivity

#### 10.1. Reactivity

The product is non-reactive under normal conditions of use, storage and transport.

#### 10.2. Chemical stability

Stable under normal conditions.

#### 10.3. Possibility of hazardous reactions

No dangerous reactions known under normal conditions of use.

#### 10.4. Conditions to avoid

None under recommended storage and handling conditions (see section 7).

#### 10.5. Incompatible materials

Acids. Oxidizing agent.

#### 10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

### SECTION 12: Ecological information

#### 12.1. Toxicity

Ecology - general : The product is not considered harmful to aquatic organisms nor to cause long-term adverse effects in the environment.

Ecology - water : The product is not considered harmful to aquatic organisms nor to cause long-term adverse effects in the environment.

## Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

### 12.2. Persistence and degradability

| ZIP WAX                       |                    |
|-------------------------------|--------------------|
| Persistence and degradability | No data available. |

### 12.3. Bioaccumulative potential

| ZIP WAX                                                                            |                    |
|------------------------------------------------------------------------------------|--------------------|
| Bioaccumulative potential                                                          | No data available. |
| Amides, C8-18 (even numbered) and C18-unsatd., N, N-bis(hydroxyethyl) (68155-07-7) |                    |
| Log Pow                                                                            | 3.1                |
| Sodium dodecylbenzene sulfonate (25155-30-0)                                       |                    |
| Log Pow                                                                            | 1.96               |

### 12.4. Mobility in soil

| ZIP WAX        |                    |
|----------------|--------------------|
| Ecology - soil | No data available. |

### 12.5. Results of PBT and vPvB assessment

No additional information available

### 12.6. Other adverse effects

Other adverse effects : None known.  
Additional information : Avoid release to the environment.

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

Regional legislation (waste) : Disposal must be done according to official regulations.  
Waste treatment methods : Dispose of contents/container in accordance with licensed collector's sorting instructions.  
Product/Packaging disposal recommendations : Dispose in a safe manner in accordance with local/national regulations.

## SECTION 14: Transport information

In accordance with ADR / RID / IMDG / IATA / ADN

| ADR                                    | IMDG                                                        | IATA                               | ADN                                | RID                                |

### 14.6. Special precautions for user

#### - Overland transport

No data available

#### - Transport by sea

No data available

#### - Air transport

No data available

#### - Inland waterway transport

Carriage prohibited (ADN) : No  
Not subject to ADN : No

# ZIP WAX

## Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

### - Rail transport

Carriage prohibited (RID) : No

### 14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable

## SECTION 15: Regulatory information

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

#### 15.1.1. EU-Regulations

Contains no REACH substances with Annex XVII restrictions

Contains no substance on the REACH candidate list

Contains no REACH Annex XIV substances
